Orientation to new TAs and Sessional Instructors

In August, PSAC 555 proudly welcomed our newest Teaching Assistants and Sessional Instructors Ontario Tech University during a comprehensive orientation session. A brief interaction with PSAC representatives provided an introduction to the union, an overview of key articles from the Collective Agreement, and a helpful question-and-answer discussion. These efforts ensure our instructional team is well-equipped for a successful and empowering academic year ahead.

PSAC 555 Training — Racism, International Worker Rights & Transgender Rights

PSAC 555 recently hosted an insightful training session addressing racism, international worker rights, and transgender rights in the workplace. Members explored practical ways to foster equity, challenge discrimination, and advocate for inclusive policies across our campus community. The session encouraged thoughtful dialogue and strengthened our collective commitment to creating a respectful, supportive environment for all workers.

Past Events

Upcoming Events

The PSAC 555 Events Committee is currently planning exciting new activities for our members in the upcoming months! We warmly welcome your ideas and suggestions to help shape events that best support and engage our community. Feel free to share your thoughts by connecting in person with any committee member or by sending a message directly to our office.
